Pogo

Mold #V100 \$250.00

Pogo is the first in our series of Limited Edition Collectable BJD animal molds. The Molds will be numbered and when we reach 100 molds world-wide *Pogo* will no longer be available, so get yours today. Each mold set contains 9 exquisitely detailed molds. Ball joints and sockets are automatically created when the porcelain is cast. Easy to string and totally articulated.

Brought to you by The Porcelain Place, Inc.

These molds took months to carve and prepare to make sure that they fit together perfectly. So perfectly that *Pogo* can stand on one foot as if to say “*Ta Da!*” and can sit, stand, bend at the waist and more. Even the ears and tail are jointed so they move. The pose ability of this wonderful little BJD animal is unbelievable.

The set of molds comes with a small fettling knife for easy casting and extra parts that we feel might wear faster than others so you will always have a good mold to cast with.

***Pogo* stands 5 1/2” tall
including the ears.**

**Start Collecting Them
TODAY!**

Pogo will begin shipping May 1st. In June we will introduce a Mouse and in July a Pig. Both will be approximately the same size and will complete the first series of three animals. We took reservations for almost 10 of these wonderful little bunny’s in Houston, even though the sample wasn’t done yet, so call now to get yours. People who purchase *Pogo* will get first shot at the next BJD animal to add to their collection so don’t wait.
